

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

March 18, 2004 LB 1089

SENATOR CUDABACK: Thank you, Senator Louden. Senator Jones.

SENATOR JONES: Mr. President, members of the body. And I guess I kind of got to reiterate just what's been said the last two speakers. But the Forestry Service, not the...you talk about the forest out there, there is big forest out there, but you can't believe the fire trucks that they have out there across the Sandhill area. And they're not sitting in town. Most of these fire trucks are right on the ranches. And where my son worked up there on the ranch, well, he was responsible for driving one any time they got a fire call. So they have to have them right out there where they're at, because if they don't, if they wait for them to come from town, who knows how far the fire has been gone by that time. So it was really important, and we about lost it a year ago. And I know that the federal government would have took the trucks and all the fire equipment and took them out of there and left them with nothing, because that's...some of the fire districts, that's about all they got, is the ones that's furnished by this. So it's really important that we get this back in. And I'm really thankful that we got it in another bill and it's got its own budget this way, in place of being part of the mainline budget. Thank you.

SENATOR CUDABACK: Thank you, Senator Jones. Further discussion on the motion to bracket. Senator Chambers. And this will be your third time, Senator.

SENATOR CHAMBERS: Thank you, Mr. President. Members of the Legislature, the motion to bracket is not one that I will take to a vote. But it would provide the opportunity to discuss anything that we choose. And at some point, perhaps a motion will be made to suspend the rules and do the thing that we had talked about, some of us, briefly. But I have to get back to what I had said about my amendment which is pending now. It would...my intent is to take the money that's in the budget to pay for awards and ribbons and whatnot that people are given for competing in fairs, I want to take it out of the budget. After we get rid of the heavy lifting, then I would expect Senator Wehrbein to make a motion to put the money back in. And if he succeeded in putting the money back in, then I would be through dealing with the State Fair as far as the budget is concerned.
